## Summary

I am a recent graduate with a BSc degree in Information Technology. I am passionate about Web Development and open to learning and mastering new and relevant technologies.
I build high end, scalable and progressive web applications for both individual and corporate organizations with security first and good user experience in mind.
I am currently looking for entry level and junior level jobs in Front end development and Web Design.

## Experience

### Web Developer

Sep 2019 - Present (3 years 1 month +)
